AROUND TOWN

2ND ANNUAL SCARECROW TOUR & CONTEST

Many businesses, organizations, and residents participated in the 2nd Annual Scarecrow Tour & Contest, with their creative scarecrow submissions! Congratulation to the winning scarecrow, submitted by Pat Grue.

Are you winter storm ready?

BE STORM PREPARED

- SECURE LOOSE OUTDOOR ITEMS
- PREPARE FOR OUTAGES
- SIGN UP FOR H2NOTIFY

Extreme winds, high amounts of precipitation, and winter weather can all create potentially hazardous conditions. Be ready.

Secure outdoor items

Strong winds can cause damage by blowing around patio furniture and lawn decorations. Secure or store loose items.

Be prepared for outages

Ensure generators are fueled up and have an emergency supply of food and water (for pets too).

Stay informed

Sign up for H2Notify on the DOS website and monitor weather events at the Environment Canada website.

To receive a monthly or emergency food box, please contact: Pat at 250-636-2767

WINTER SNOW CLEARING

Winter season is fast approaching and the District would like to take this opportunity to communicate our snow removal process, as well as requirements & recommendations that will assist us all in getting through the winter season safely.

Snow Removal

The District has classified roads based on their function, traffic volume, and importance to the welfare of the community. First priority is given to high volume routes which connect major sections of the District and provide access for emergency services.

- As per Policy OPS-006, Director of Public Works will determine when to begin snow or ice control operations.

The criteria for that decision are:

- Snow accumulation of 10 cm or more;
- Drifting of snow that causes problems for travel;
- Icy conditions which seriously effect travel and pedestrians; and
- Time of snowfall in relationship to heavy use of streets.

Requirements for Snow & Ice Removal by the District, Residents, and Business Owners

- As per Bylaw 959-2019, the District Public Works Department will initially clear the sidewalks upon accumulation of 10cm of snow, each morning.

After such time, it is the requirement of business & apartment owners to clean any snow or ice from sidewalks/footpaths adjacent to such premises upon the accumulation of no more than 10cm of snow, as well as ensure application of salt/sand product that is not detrimental to any cement/concrete surfaces, throughout the remainder of each day, between the hours of 8:00am and 8:00pm.

- Business premises adjacent to a highway are required to remove from any roof, awning, marquee, projection or cornice of the premises, all ice, icicles or snow which may fall and cause personal injury or property damage.

Vehicle Parking

- This is a reminder that as per Bylaw 995-2022, and 959-2019 parking on roads that may restrict snow clearing is prohibited.

COUNCIL MEETING HIGHLIGHTS
